

DISSOLVE™

AUTOMOTIVE ADDITIVES & LUBRICANTS - #0431

OUTSTANDING FEATURES

- Strong solvency and cleaning power- Concentrated detergents and solvents quickly dissolve the most stubborn deposits in GDI engines that are prone to excessive build-up.
- Can restore power, performance and fuel economy in one service.
- Versatile - Can be applied through the throttle body or vacuum source to clean the plenum, throttle body and intake valves.
- Can reduce emissions system results caused by fuel system deposits.

DESCRIPTION

DISSOLVE™ - GDI Intake Valve Cleaner is formulated to quickly dissolve heavy deposits from the intake valves and ports of gasoline direct injection (GDI) engines that are prone to excessive carbon buildup. Dissolve's highly concentrated blend of solvents and detergents can help restore performance, fuel economy and increase power. When used in conjunction with the Fuel Service Machine, Dissolve has the added benefit of helping to lower exhaust emissions and will not harm oxygen sensors or catalytic converters when used as directed.

APPLICATION

Refer to Instructions provided with MOC's EDR -3 Fuel System Service Machine.

SPECIFICATIONS

<u>Test</u>	<u>ASTM Method</u>	<u>Typical Results</u>
Appearance	-	Solution, Organic Solvents
Color	-	Clear, Colorless to Pale Yellow
Odor	-	Solvent
Specific Gravity @ 60°F	D1298	0.91
Density, U.S. lbs./gal. @ 60°F	D1250	7.60
Boiling Point (°F)	-	≥280
Flash Point (°F) (based on components)	-	≥81
% V.O.C.	-	99

PACKAGING

Fill: 16 oz.

Case Quantity: 12 Bottles

Case Weight: 14 lbs.
